

Help Improve Care Planning in Long-Term Care

About the Study

We are conducting a research study to develop a data-informed report that can support better care conferences for residents, families, and care staff.

Who Can Participate?

-  Residents in long-term care
-  Family members, friends, or other care partners
-  Care staff

What Will You Do?

-  Participate in a short interview or discussion **OR**
Complete an online survey, in person or with assisted completion by phone or in person, where required
-  Takes about 15-30 minutes (independently)
and 45-60 minutes (with support)

Voluntary Participation

- ✓ Taking part is completely voluntary
- ✓ Your care, services, or job will **NOT** be affected
- ✓ You may withdraw at any time

Privacy

-  All information will be **kept confidential**
-  No names will be used in reports

Why Participate?

- Care communication
- Resident and family involvement
- Quality of care planning
